*"The human mind is our fundamental resource." John F. Kennedy*

### Personal Information

name Carlo Alberto  
surname Scola  
place & date of birth Rimini (RN), 2 March 1995  
nationality Italy

### Work experience and education

- Sep 2014 – Dec 2017 **University of Bologna, Campus of Cesena, Bachelor degree in Computer Science and Engineering .**  
The course of study has the aim to offer students a new formative opportunity: to study computer science in a more complete way, examining both the design / engineering and the mathematical / scientific aspects.
- Mar 2017 – Aug 2017 **Cisco Learning Academy, CCNA Cyber Ops certification.**  
Today's organizations are challenged with rapidly detecting cybersecurity breaches and effectively responding to security incidents. Teams of people in Security Operations Centers (SOC's) keep a vigilant eye on security systems, protecting their organizations by detecting and responding to cybersecurity threats. The CCNA Cyber Ops certification prepares candidates to begin a career working with associate-level cybersecurity analysts within security operations centers.
- Set 2009 – Giu 2014 **Liceo Scientifico "Alessandro Volta" , PNI (Piano Nazionale di Informatica), Riccione (RN).**  
+ ECDL passed.
- Summer 2016 **Android programmer,, I-Tel, Riccione (RN).**  
I performed curricular internship / internship in a competent company in the region of mobile devices. I learned the basics of android programming, I dealt with real commercial software in order to develop a part of the app useful for the company to use as a demo for customers.
- Summer 2013 **IT Technician,, Spider Net , Riccione (RN).**  
I worked as a laboratory technician in the repair of personal computers and laptops. Assembling new PCs, modem / router configuration, disassembling laptops for common and non-common problems. I immediately learned to relate with the hardware and identify the problems derived from it.

Summer **IT Technician**, *Multimedia computer*, Riccione (RN).  
2011/2012 I worked as a laboratory technician in the repair of personal computers and laptops. Assembling new PCs, modem / router configuration, disassembling laptops for common and non-common problems. I immediately learned to relate with the hardware and identify the problems derived from it.
